The Terps' *European Adventure*

In August 2001, Maryland took its fall training to Europe, where the Terps played five games in Germany, Belgium and Holland as well as taking in the European sites.

2002 Season Outlook: Terps Looking Forward

The Maryland women's soccer team is anticipating a season of excitement and high energy in 2002. With the influx of newcomers, the return of several key players from injuries and continued consistent play from 13 letterwinners, head coach **Shannon Higgins-Cirovski** is pumped to get the season underway.

"I can't wait for the season to start. We are bringing in a breakthrough freshman class for the University of Maryland women's soccer program this fall," said Higgins-Cirovski, who enters her fourth year at the school. "In addition to all of the veteran players that will be returning from injuries for 2002, these recruits will make a major difference all over the field."

In addition to the six newcomers, the Terps will return three starters for the 2002 season, all of whom missed most or all of the 2001 season. Dynamic offensive play-maker **Kimmy Francis**, a NSCAA high school All-American and the consensus Pennsylvania State Player of the Year in 2000, will make her college debut after missing all of last season with a torn ACL.

KIM KING

On defense, the Terps return a pair of redshirt-junior backs in **Sally Harrison** and **Carly Viher**. Both players, who started every game of their freshman and sophomore seasons, missed the majority of the 2001 season. Harrison played in just the first four games before suffering a dislocated kneecap, which forced her to miss the remainder of the season. Viher missed the entire campaign after suffering a torn ACL late in preseason camp.

"With the addition of Kimmy, it is like having another top-level recruit," said Higgins-Cirovski. "She missed all of last season, so this will be her freshman year. I am very excited to see all of our new offensive weapons.

"On defense, Sally and Carly were consistent starters for their first two seasons. Then to lose them to injuries was an incredible setback; they will be back at full strength along with All-ACC back **Lindsay Givens**."

The Terps return Mid-Atlantic all-region stars in midfielder Jenny Biscoe and Givens. Biscoe led the team in scoring last season with 15 points, while Givens was the backbone for the team's defense, helping it to a 1.00 goals against average.

Senior **Dana Jarzyniecki** and junior **Audra Poulin** provide stability in the midfield. The Terps will also get key contributions from senior **Kim King** and junior **Katie Ludwig** on offense.

Forwards

Maryland will have a whole new look up front in 2002. The Terps could start three players, all of whom were playing elsewhere or sidelined last season.

Maryland will receive an immediate boost at forward with the additions of redshirt-freshman **Kimmy Francis** and true freshman **Ali Andrzejewski**. Both sensations will be making their college debuts in 2002.

A high school All-American, Francis missed all of last season with a torn ACL suffered during the spring of her 2001 senior season at Council Rock H.S. She is expected to start on the up front or as a central midfielder.

"Kimmy is a gifted player that has the ability to break the game open," said Higgins-Cirovski. "She's smart, she's skilled, she's technical and is faster than you think."

Joining the newcomers up front is junior **Katie Ludwig**, who played the majority of last season on defense after the Terps suffered a number of injuries. Ludwig is expected to pick up the scoring pace as she returns to an offensive position this season. Ludwig was the team's leading scorer.

"Katie is a fast, hard, strong offensive player, who has the ability to shred defenses," said Higgins-Cirovski. "She had a sensational spring season and will make a major difference now that she has returned to playing forward."

The Terps' second-leading scorer from last season, **Kim King** returns for her senior campaign. The crafty hard-working offensive player missed the spring season while recovering from a lower-leg injury. Last year she tallied five goals and 13 points splitting time at forward and midfield, which she may do again this fall.

"Kim is a quick technical player who gives 100 percent all of the time," said the coach."Her unorthodox and unpredictable style makes her dangerous in the box."

Andrzejewski will provide a major impact as the striker the Terps have lacked for several seasons. Andrzejewski is a member of the U-16/U-17 National Team as well as a member of the U-19 National Team Pool. She was named a two-time Maryland State Player of the Year at The McDonogh School and earned NSCAA All-American honors as a junior and senior.

"Ali is an incredibly dangerous player," said Higgins-Cirovski. "She is very fast, smart and a natural finisher as well. She is going to be a major offensive force in her career at Maryland."

Sophomore **Melissa Anderson** returns for her second college season after a strong spring. A high school star at St. Mary's in Annapolis, Anderson is expected to be a factor this season at forward and midfield according to Higgins-Cirovski.

"Mel is an exceptional athlete who has improved her skills during the off-season," said the coach.""She is explosive off her first few touches and has the ability to get behind defenses."

Freshman **Simone Dekker**, out of New Jersey, is a lightning quick player who will see time at forward and in the outside midfield. "Combining with the talent we already have, she can bring the Maryland offense to the next level," said Higgins-Cirovski.

Midfielders

Maryland will depend on a pair of juniors for scoring punch in the midfield in **Jen Biscoe** and **Audra Poulin**.

After returning from a second tear to her right knee early in 2001, Biscoe was the team's leading scorer, having notched five goals and five assists for 15 points last season. Biscoe has a knack for the dramatic as four of her five goals were game-winners last season.

Biscoe has been named a captain this season and will provide leadership on offense.

"Jenny is the engine of the Maryland team," said Higgins-Cirovski. "Once she is completely healthy, she has the potential to be one of the best center midfielders in the country."

A great team-player, Poulin comes into 2002 looking to continue the offensive potential she showed late last season and during the spring campaign. Poulin scored the Terps' most dramatic goal of 2001, as she netted her first career goal in overtime to lift Maryland to a 1-0 overtime upset of No. 8 Clemson on Oct. 13.

"Audra is a special player," said Higgins-Cirovski. "She has improved her work rate and ability to cover the field and with that I expect her to play a full 90 minutes in most games this season."

One of the Terps' most consistent players for the past three seasons, **Dana Jarzyniecki** returns for her senior season in the defensive midfield. Jarzyniecki enters the season with 10 career assists, ranking 11th all-time at Maryland. She is a consummate workhorse having played in all 60 of Maryland's games over the past three years.

1-The Terps huddle at halftime; 2-Jen Biscoe and Audra Poulin are two of the Terps' nine returning starters; 3-The Terps set up a wall; 4-Team unity; 5-Captain Lindsay Givens and Poulin; 6-Kimmy Francis will make her college debut this fall; 7-Katie Ludwig was the Terps' leading scorer in the spring season.

"Dana works as hard as anyone," said Higgins-Cirovski. "She battles hard to win balls back defensively and is very consistent with her technical and tactical play."

Anderson, Francis, Dekker and King will also see time in the midfield in addition to their time at forward.

JENNY BISCOE

Senior **Sarah McClellan** could also see some playing time. Now in her third year with the program, this versatile player has made significant improvements since she joined the team prior to 2000.

A pair of freshmen will be in the mix in the midfield as well. **Mallory Mahar** and **Danielle Malagari** will compete for playing time. Both players were NSCAA All-Region selections as seniors in high school.

"Mallory has great size and technical ability," said the coach. "She is a force in the air in front of the goal and in the midfield. She has the ability to take over games."

"Danielle is a very technical and tactical player," said Higgins-Cirovski. "She has a great work ethic and a love for the game. We expect her to be a tremendous asset to the program.

Senior **Valerie Lawrence** will redshirt the 2002 season after suffering a torn ACL in her left knee. Lawrence suffered through an injury-plagued campaign in 2001 with a severely sprained left ankle, limiting her to just 783 minutes as she rotated between midfield and defense.

Defenders

Junior captain **Lindsay Givens**, who is coming off a decorated 2001 season, will anchor the Maryland defense. She was named an All-ACC second team star as well as an All Mid-Atlantic selection by *Soccer Buzz* and the NSCAA.

Givens played all 1,801 minutes last season - the only field player to play every minute in 2001. She tallied six assists last season, the most of any returning player - all of which came off her dynamic throw-ins. She enters her the season with 11 career assists, 10th all-time in Terp history.

"Lindsay is an offensive force with her throw-ins," said Higgins-Cirovski. "She has excellent defensive one-on-one skills and is a good distributor of the ball."

Joining Givens in the backfield is fellow junior captain **Carly Viher**, who has recovered from a torn ACL in her left knee, which forced her to miss all of the 2001 season.

"Carly was dearly missed last season," said Higgins-Cirovski. "We are fortunate to have her back this year. She has incredible tenacity and intensity and will be a key for us in the backfield."

Sophomore **Lindsay Niehaus** was a stalwart for the Terps' defense last season once she was pressed into action and is expected to fill a similar role at left back this season. She started the final 15 games and played all 1,641 minutes in those games.

"Lindsay plays with great pride and intensity," said the coach.""She has solid instincts for defending will is one of the hardest working players on the team."

Junior **Sally Harrison** returns after receiving a medical redshirt season in 2001. She suffered a dislocated kneecap in early September and missed the final 15 games of the season. Harrison is still working her way back from the injury and will see time on defense. Prior to her injury, she had started and played in all 45 games in her college career.

"Sally has been a key part of our defense since she has been in the program" said Higgins-Cirovski. "She has good defensive intuition and we are hoping for her to contribute this season."

Senior **Katie Kruse**, who earned major playing time last season after Viher suffered her injury just prior to the start of the regular-season will be counted on to provide depth on defense this season. Kruse started the final 18 games and played 1,721 minutes - third most on the team.

"Katie did a solid job last season and has continued to show development during the spring season," said Higgins-Cirovski.

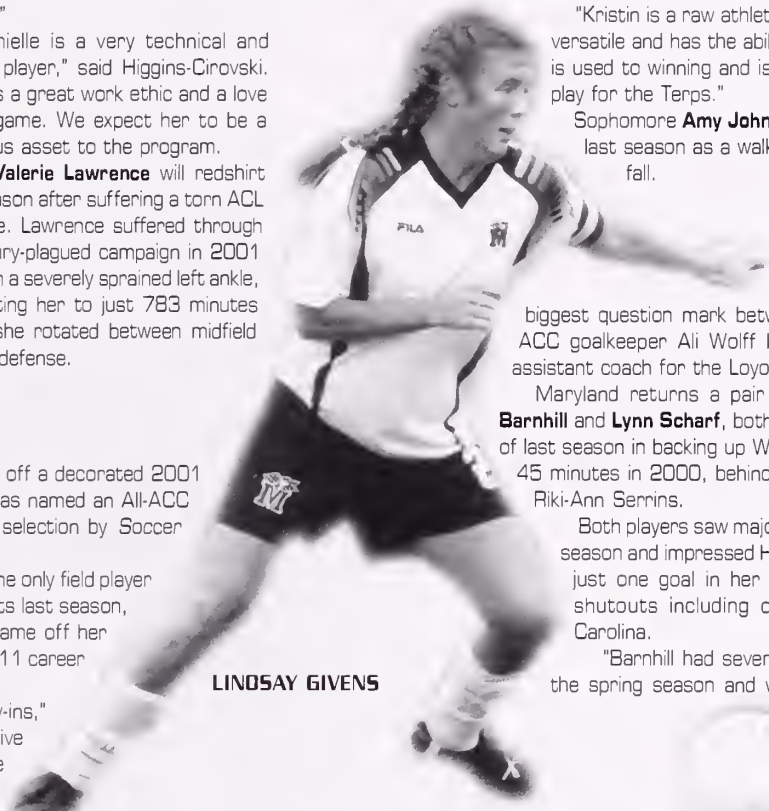
Sophomore **Jennifer Lovecchio** returns after sitting out last season and has continued to battle hard for playing time. "Jen has made improvements to her game and has shown great development and will see time this season," said Higgins-Cirovski.

Freshman **Mallory Mahar** and **Kristin McHugh** will also press for playing time. Mahar will split time at midfield and defense.

McHugh could vie for a starting spot at right back this fall. A natural winner, McHugh has led the Bethesda Fury to the National Club championship and was a star at Quince Orchard High School.

"Kristin is a raw athlete," said the coach. "She is very versatile and has the ability to play many positions. She is used to winning and is the kind of player we want to play for the Terps."

Sophomore **Amy Johnson**, who joined the Terps early last season as a walk-on, will also be in the mix this fall.



LINDSAY GIVENS

Goalkeepers

The Terps have their biggest question mark between the pipes this fall as All-ACC goalkeeper Ali Wolff has graduated and is now an assistant coach for the Loyola women's team.

Maryland returns a pair of junior keepers in **Kristen Barnhill** and **Lynn Scharf**, both of whom did not play during all of last season in backing up Wolff and played just a combined 45 minutes in 2000, behind that season's All-ACC keeper Riki-Ann Serrins.

Both players saw major playing time during the spring season and impressed Higgins-Cirovski. Barnhill allowed just one goal in her time and Scharf posted four shutouts including one of national power North Carolina.

"Barnhill had several stellar performances during the spring season and will compete for the job," said Higgins-Cirovski. "Scharf has made great strides as a keeper. She plays very courageously and aggressively so she will have a great shot at the job."

Freshman **Mariel Wilner** will also compete for the job. Wilner, who was a teammate of Ali Andrzejewski at The McDonogh School, was a four-year starter in high school earning All-State honors as a senior. She posted an amazing 38 shutouts in her career, which is believed to be a Maryland state record.

"Mariel is in position to contend for our starting goalkeeper position this fall," said Higgins-Cirovski. "She is a hard worker, has a great mentality and is a good overall athlete. Given these attributes, we believe she can develop into an outstanding goalkeeper."

1-The Terps ready for action; 2-Senior Dana Jarzyniecki in action; 3-Lindsay Givens in the pregame captains meeting; 4-Lindsay Niehaus in action vs. Clemson; 5-The Terps lined up for the national anthem.; 6-Givens goes up for a header against Wake Forest; 7-Senior defender Katie Kruse in action.

2002 National Soccer Hall of Fame Inductee

HEAD COACH
shannon HIGGINS-CIROVSKI

Fourth season at Maryland
11th season as a head coach
North Carolina '90

If you look up the word winner in a dictionary Shannon Higgins-Cirovski might be one of the definitions.

Higgins-Cirovski could be defined as a person possessing every quality of a winner. Those qualities include the desire to be victorious, the will to achieve, the ambition to accomplish, the wish to be successful and the ability to triumph over every obstacle in one's path.

Higgins-Cirovski, though, is much more than just a definition. She is the epitome of someone who strives to be a winner in every facet of his or her life.

This fall, Higgins-Cirovski will be recoginzed as the ultimate winner as she will be inducted into the National Soccer Hall of Fame in Oneonta, N.Y., on October 14, 2002. She is just the third woman and is the youngest person ever to be inducted into the Hall of Fame.

The former head coach of the U.S. U-18 women's team and former head coach at George Washington University, Higgins-Cirovski was named head coach of the Maryland women's soccer program on Jan. 13, 1999. She joined her husband, Sasho, on the Maryland athletic staff. Sasho Cirovski has been the men's soccer coach since 1993.

Higgins-Cirovski's appointment meant an immediate impact for the Terrapins as she coached Maryland to its highest finish in ACC history, second place, with a conference record of 4-2-1 in 1999. She coached Maryland to eight wins in its final 11 games and the Terps advanced to the NCAA Tournament for the fifth consecutive year. Maryland put up a valiant fight in the second round of the tournament against Penn State, but lost to the eventual 1999 College Cup semifinalist, 3-2.

She coached All-ACC first teamer and honorable mention All-American Emily Janss and Mid-Atlantic first team performer Jackie Mynarski. Higgins-Cirovski built a team around a tough, hard-nosed defense led by Mid-Atlantic All-Freshman team members Lindsay Givens and Carly Viher.

In 2000, Higgins-Cirovski brought in one of the nation's top recruiting classes including *Baltimore Sun* Player of the Year Jen Biscoe and *Washington Post* Player of the Year Audra Poulin.

She led Maryland to its first-ever win over a Top-5 team as Maryland upset No. 4 Penn State, 3-1, on Aug. 29, 2000. After the win, the Terps soared to No. 9 in the NSCAA Coaches' poll, their highest ranking since 1997.

Last season, Higgins-Cirovski led the Terps back to the NCAA Women's Soccer College Cup. Maryland finished 10-7-2 behind the solid defense of All-ACC selections Lindsay Givens at back and Ali Wolff at goalkeeper. Both players were also named to the NSCAA All Mid-Atlantic Region teams along with leading scorer midfielder Jen Biscoe.

She continues to build Maryland into a national power in a conference in which she is generally regarded as one of the pioneers of the women's game in the United States. At the end of 1999, she was named to *Soccer America*'s Team of the Century, as one of the top 11 players to have impacted women's soccer in the 1900s. She was also honored by the ACC as one of the conference's all-time top players.

In 2002, she was named to the ACC 50th Anniversary Team of the 50 greatest players in the conference's history.

Cirovski played on four NCAA championship teams at the University of North Carolina, was the consensus national college Player of the Year in 1989, and helped lead the U.S. to the 1991 World Cup title. Cirovski, 34, served as head coach at George Washington from 1991-97, leading the Colonials to their only NCAA Tournament appearance (1996) in school history. She was named the Atlantic 10 Coach of the Year in 1994 when she led the Colonials to a 12-8-0 record. One year later she led George Washington to the Atlantic-10 West Division title. She is the winningest women's soccer coach in the school's history, posting a seven-year mark of 69-59-11.

A 1990 graduate of North Carolina, the former Shannon Higgins helped lead the Tar Heels to four NCAA titles and a cumulative record of 89-0-6 from 1986-89. A two-time first-team All-American, she was named national Player of the Year by *Soccer America* magazine in 1988 and 1989 and consensus national Player of the Year in 1989. Higgins-Cirovski was the 1989 recipient of the prestigious Hermann Award as the nation's top Division I women's soccer player. In addition, she won the Honda-Broderick award as the top female athlete in the nation, also in 1989.

What they are saying about Shannon...

"Obviously we felt it was only a matter of time until Shannon was elected to the Soccer Hall of Fame. When she played here at UNC she had one of the great soccer minds I've ever been around in the college game. She was an exceptional tactical player. Even more impressively she left her mark all over the 1991 World Cup Championship team. She was one of the great architects of that team's success."

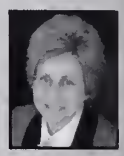
– North Carolina head coach and 1991 World Cup coach Anson Dorrance

"Shannon was truly one of the great players of the 1991 team that won the World Cup. I'm thrilled for her to be named to the National Soccer Hall of Fame. She's very deserving of the recognition. She was one of the great center midfielders. She understood the game tactically and controlled the tempo, changing the point and helping us advance the ball up the field. It's a wonderful honor for her."

– U.S. Women's National Team Coach & '91 World Cup teammate April Heinrichs

"Shannon was one of our best midfielders. She has done a tremendous amount for the sport as a player and as a coach. Tactically, her knowledge of the game was a major reason she was the player she was. It has helped and will help her to become one of the nation's top coaches."

– Mia Hamm, U.S. National Team & Washington Freedom Forward and Higgins-Cirovski's former college and national team teammate



"Shannon is an extraordinary athlete and coach. Over time, she will add yet another accolade to her long list of achievements...Coach of the National Champion Maryland Terrapins."

– Maryland Athletics Director Deborah A. Yow

"What an incredible honor this is for Shannon. It is extremely well deserved. It's great to see the Soccer Hall of Fame remember and acknowledge her accomplishments at an early age before she retired to devote her time to her family and coaching career. I think I am the luckiest man on earth. She's a hall of fame wife, a hall of fame mother and now a soccer hall of famer."

– Husband and Maryland men's soccer coach Sasho Cirovski

ASSISTANT COACH
kerry DZICZKANIEC

Fourth season at Maryland
10th season as an assistant coach
George Washington '93

Kerry Dziczkaniec is in her fourth season as an assistant coach at the University of Maryland and her 10th as a coach on the Division I level. She is involved in all aspects of the program with an emphasis in on-field coaching, scouting, and recruiting. Dziczkaniec was a standout goalkeeper during her playing days and relies on that knowledge and experience in working with the Terp netminders.

She has spent nearly her entire career coaching in the Atlantic Coast Conference, with stints at Virginia (1994-96) and Florida State (1996-99) before coming to Maryland in 1999. Dziczkaniec began her coaching career as an assistant coach at Georgetown in 1993.

Last season, Dziczkaniec coached an All-ACC keeper for the second season in a row, as senior captain Ali Wolff was honored by the conference. The Terps compiled a sparkling 1.00 goals against average under the tutelage of Dziczkaniec. In 2000, keeper Riki-Ann Serrins earned All-ACC accolades for her performance.

In her first season with the Terps, Dziczkaniec helped Maryland keepers Wolff and Serrins to strong seasons. The tandem combined to record eight shutouts including a stretch of three straight during the middle of October. Serrins posted a career-best 1.01 goals against average and Wolff started 20 of 22 games, making 57 saves.

While at Virginia, Dziczkaniec worked on the staff of head coach Lauren Gregg, a former assistant coach for the world champion U.S. national team. During her tenure, Dziczkaniec worked with two of the top goalies in Cavalier women's soccer history. She tutored Becky Hornbacher, who holds program records for career goals against average (0.78) and shutouts in a single season (11 in 1994). Virginia was ranked among the nation's top 10 and played in the NCAA Tournament during both of her years in Charlottesville.

She also realized success during her three years at Florida State. The Lady Seminoles established the school record for victories in a season (12) in 1996 and averaged nearly 10 wins a year during her tenure. The program also won its first-ever ACC regular season game (1997) and defeated a ranked team for the first time in school history (1998).

A 1993 graduate of George Washington University, she earned a B.S. in human kinetics and leisure studies. Playing under coach Shannon Higgins at George Washington, she was the starting goalkeeper in 1991 and 1992 and a four-year varsity letterwinner. She recorded a career-best six shutouts in 1991 and a career-best 1.20 goals-against average in 1992. She earned team MVP honors in 1991 as she led the Colonials to nine victories, and served as team captain during the 1991 and 1992 seasons.

Dziczkaniec was a member of the Virginia and Maryland Olympic Development Program coaching staffs from 1992-95. She holds a United States Soccer Federation "C" coaching license. Her professional playing experience includes the Baltimore Lady Bays and Maryland Pride of the W-League.

Among her accomplishments were playing with the 1996 women's amateur division national championship team, the Virginia-based Soccer Academy United. She was a starter on the championship squad with the Maryland Pride as they won the USISL W-League 1996 national championship. Dziczkaniec was selected to the all-tournament team at the national tournament.

She is very active on the youth level with the Soccer Association of Columbia-Howard County.

Dziczkaniec is a native of Syracuse, N.Y.

Fifth season as an assistant coach
Maryland '96

Steve Campbell begins his second season as an assistant coach with the Maryland women's soccer team. Campbell was hired by head coach Shannon Higgins-Cirovski in May 2001.

Campbell returned to his alma mater, where he was a four-year soccer player on the men's team under Higgins-Cirovski's husband Sasho Cirovski from 1992-95.

Campbell has an extensive background in coaching girls' and women's soccer. Since his graduation from Maryland in 1996, Campbell has coached several programs in the state of Maryland. From 1996-98 and in 2000, he was the co-coach of the Maryland Olympic Development Program (ODP) U-13 team. In 1999, he coached the Maryland ODP U-19 team. In 2001, he was hired as an ODP Region 1 staff coach.

Also, since 1998, he has served as head coach of the Bethesda Dragons U-18 club team. With the Dragons, Campbell helped his team to numerous honors including the Region I championship, Maryland State championship and Washington Area Girls Soccer (WAGS) title in 1999. The Dragons were named the Team of the Year by the Bethesda Soccer club in both 1999 and 2000. The Dragons captured the Columbia Invitational Tournament in 2001 and the Disney Showcase Tournament in 2001

"We are excited about bringing someone of Steve's caliber to our program," said Higgins-Cirovski. "He has shown a great commitment to girls soccer in the youth game and to soccer in the State of Maryland. Also, in being an alum, he is familiar with the campus and surroundings which made him a great choice for this position."

After playing in 49 games as a midfielder with the Terps in the early '90s, Campbell began his career as an assistant coach with the men's program in 1996. He was part of the staff that helped Maryland to the ACC championship in 1997 and NCAA tournament bids from 1996-1998. The 1998 team advanced all the way to the national semifinals.

Campbell holds a USSF National "A" coaching license. He also serves as the director of Total Soccer Training.

A native of Derbyshire, England, he played for Derby County F.C. youth team and was a member of the England U-18 Schoolboy National Pool before arriving in the U.S. on a full athletic scholarship to the University of Maryland.

Along with Maryland, No. 1 North Carolina, Virginia, Clemson, Florida State, Wake Forest and Duke all qualified with the Tar Heels falling, 1-0, to Santa Clara in the College Cup Final.
- The BIG EAST had the most participating teams with eight berths, but has 14 teams (converting to 57 percent).

- Senior captain **Ali Wolff** recorded whitewashes in those eight wins and one in a scoreless tie vs. James Madison.

2001 Game Recaps

Game 1 • Aug. 31

COLLEGE PARK, Md. -- Anchored by a pair of goals from sophomore **Katie Ludwig** the Maryland women's soccer team opened its 2001 regular season in fine style with a 3-0 win over state rival Towson at Ludwig Field before 1,025 enthusiastic fans.

Sophomore **Lindsay Givens** also scored her first career goal with eight minutes left in regulation to complete a well-rounded effort by the Terps.

"This win was really big for us," said head coach **Shannon Higgins-Cirovski**. "To open the season with a game like this helps build our confidence."

Ludwig got the Terps on the board when she banged home a rebound that had been shot by **Sara Gustafson** 17:27 into the match. The play started with a Givens' throw-in leading to a scramble in the goal box.

In the second half, Ludwig scored her second of the game at the field with her namesake, again converting off a Gustafson play. Ludwig took a through ball from Gustafson and shot the ball off Towson goalkeeper Yasmin Alter's hands but the force of the ball pushed through the keeper's hands into the back of the net.

Givens netted the final goal off a throw-in that deflected off a Towson defender and in.

Maryland keeper **Ali Wolff** made one save to move her career shutout total to 12.5, second on the all-time list to Riki-Ann Serrins, who finished her career in 2000 with 13.5.

The Terps outshot the Tigers 20-3, including 14-1 in the second half.

Maryland has now won its last three season openers overall and has won eight consecutive home openers. In those eight games, Maryland has outscored its opponents, 32-4, dating to 1994.

The win over a ranked Duke team, marks the sixth straight time Maryland has defeated Duke when they were ranked in the top 20 at the time of the game.

"I am incredibly pleased with the win," said head coach Shannon Higgins-Cirovski. "The performance of our defense and Ali were sensational, I really can't say anything but great things about the way they played."

COLLEGE PARK, Md. - For the second year in a row the Maryland women's soccer team was upset by Richmond just days after recording a major upset victory of their own as the No. 14 Terps fell 1-0 on at Ludwig Field.

Just four day after upsetting No. 17 Duke and jumping to No. 14 in the NSCAA rankings, Maryland was shocked by the Spiders again. Last season, the then-No. 9 Terps were stunned by the Spiders, by the same 1-0 score, a week after beating No. 4 Penn State.

Richmond (1-1) scored the game's only goal as Laura Gincel took a pass from Anne Rieser on a fast break and lofted a shot over Maryland keeper **Ali Wolff** at the 65:53 mark.

The Terps (2-1) outshot the Spiders by a wide margin, 17-6 for the game and 11-2 in the scond half when Maryland controlled the ball for the most part.

Richmond's goalkeeper Kristen Samuhel was strong on goal making 10 saves. Maryland's Wolff made four saves in allowing her first goal of the season after recording back-to-back shutouts.

COLLEGE PARK, Md. - Senior captain **Ali Wolff** made one save to record her third shutout of the season and set the Maryland career shutouts record with 14.5 as the No. 14 Terps (3-1) stopped East Carolina, 1-0.

Wolff, who has a 0.25 goals against average this season, passed Riki-Ann Serrins, whom she had been tied with atop the career shutout list at 13.5.

The game also marked the return of sophomore **Jen Biscoe** who made her 2001 season debut after undergoing two surgeries to repair a torn ACL in her right knee. Biscoe played 18 minutes in her first college action in exactly a year after suffering the original tear on Sept. 9, 2000 at Richmond.

Maryland got the game's only goal as **Sara Gustafson** headed home a throw-in from sophomore **Lindsay Givens** at the 18:31 mark.

The Terps dominated on the offensive side of the ball all day as they outshot the Pirates (1-3), 24-4.

Game 5 • Sept. 21

COLLEGE PARK -- Junior midfielder **Kim King** posted her first-career multi-goal game as the Maryland women's soccer team blanked George Washington, 2-0, at Ludwig Field. The Terps moved to 4-1 overall, with all four wins coming on shutouts by senior captain **Ali Wolff**.

Both of King's goals were assisted by sophomore **Jen Biscoe** and senior **Jenny Boyd.** The big nights came for a pair of players who drew their first starts of the 2001 season in their most extensive playing time this season. Biscoe was playing in just her second game since

1-Melissa Anderson in her college debut against Towson; 2-Sara Gustafson celebrates her goal at Duke; 3-More celebration of Gus' goal at Duke; 4-The happy Terps after the win at Duke; 5-Maryland celebrates its goal against East Carolina; 6-Heads up vs. East Carolina; 7-Lindsay Niehaus in action vs. ECU.

returning from a second surgery for a torn ACL originally suffered last season. Boyd made her first start since her freshman year of 1997 and saw her most playing time since 1998. She had missed the entire 1999 and 2000 seasons with an assortment of leg and foot injuries.

"I was really pleased with our performance, especially from Boyd and Biscoe," said head coach **Shannon Higgins-Cirovski**, who improved to 3-0 against George Washington -- the school she coached from 1991-97. "Jenny Boyd played a tremendous game and really gave us a boost. Biscoe showed what makes her a special player and why we have been so anxious to get her back in the lineup."

King tallied the first goal in the 37th minute as she collected the ball off a Boyd deflection from Biscoe's corner kick. Then King scored again as she angled home a shot from the deep left corner near the end line in the 68th minute.

The defense was solid once again -- but with a different lineup. With injuries to starting juniors **Valerie Lawrence** and **Sally Harrison**, causing both players to miss the first games of their Maryland careers, the Terps received a much needed boost from two surprising players. Senior forward **Sara Gustafson** was moved to right back and freshman **Lindsay Niehaus** drew her first start as a collegian and helped the Terps to the shutout.

Between the pipes, Wolff made seven saves -- a season-high -- as she improved her career shutout total to a Maryland record 15.5. Wolff's 2001 goals against average dropped to 0.20.

Game 6 • Sept. 23

COLLEGE PARK, Md. -- Wake Forest picked up its first win of the season with a 1-0 win over Maryland on a beautiful afternoon at Ludwig Field. The Demon Deacons stand at 1-3-1 (1-0 in the ACC) while the Terps fall to 4-2-0 (1-1 in the ACC).

Wake Forest senior Sarah Kate Noftsinger beat her former high school teammate Maryland keeper **Ali Wolff** (Richmond, Va.) for the game's only goal in the 76th minute. Noftsinger collected a rebound of her own shot and beat the fellow Mills Godwin H.S. graduate for the goal at 75:36. Wake's April Raymer was credited with an assist for putting the ball into the box where Noftsinger was able to get off her consecutive shots.

Wolff and the Maryland defense played another strong game, allowing just its second goal of the season. The senior captain made six saves and stopped a penalty kick by Wake's Stacy Roeck just 5:36 into the match.

Wake keeper Erin Regan made eight saves for her second shutout of the year.

The shutout continues a trend where eight of the 10 all-time meetings between the schools have ended in shutouts with the series tied at 5-5 all-time.

The Terps outshot the Deacs 12-10 and took eight corner kicks to Wake's three.

Game 7 • Sept. 26

FAIRFAX, Va. - Sophomore **Jen Biscoe** scored her first goal of the season as Maryland (4-2-1) came back from a 1-0 deficit to tie George Mason (1-4-1) in double overtime.

George Mason got on the board early in the first period as junior midfielder Kerri Beck scored from five yards out in the seventh minute after receiving a tip pass from senior defender Erika Webster . The goal developed after senior Megan Hawkins crossed the ball from the left side into a spot in front of the net. A scramble for the ball ensued as it drifted out towards Webster, who passed it to Beck for the easy netter.

A little over 30 minutes later, the same situation occurred in front of the Mason goal as the Terps' **Courtney Beirne** found the loose ball and passed to Biscoe who scored into the lower left side of net from 10 yards out at 37:54.

The game, which was scoreless for the final 82 minutes had a few momentum shifts as the Patriots opened with steady ball control and aggressive play. Maryland, however, began to find its rhythm and dominated most of the end of the first half and the majority of the second period. GMU would not be outplayed though on their home turf. The Patriots fought back during the overtime sessions, controlling the tempo, forcing play, and denying the Terps with assertive defensive performances.

Maryland, which totaled 19 shots in the game, had two of its attempts deflect off the goal. Junior midfielder Jess Delucchi junior defender Pamela Kent, and junior defender Liz Sims thwarted other Maryland scoring opportunities as balls, which were headed directly into the net, were suddenly deflected out by their stellar defensive efforts. Both teams played very well defensively as fast-break scoring chances were chased down and throw-ins were turned-away.

The tie was Maryland's since the 1999 season when they played to a 0-0 deadlock with NC State.

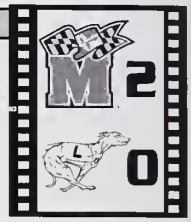
Game 8 • Sept. 30



COLLEGE PARK, Md. -- Once again Maryland used its formula for a victory in 2001: early offense and nearly flawless defense, as the Terps blanked Loyola, 2-0 at a chilly Ludwig Field.

Maryland senior captain **Ali Wolff** recorded two saves for her fifth shutout -- each of the Terps' five wins -- on the way to a 5-2-1 record through eight games.

Sophomore sensation **Jen Biscoe** got it going early as she took a pass from **Kim King** and beat Loyola keeper Danielle Ruppel just 2:39 into the game. Biscoe's shot from the right side of the box went into the upper right side of the net.

Maryland dominated the play through the rest of game, but was unable to dent the scoreboard until 3:01 was left in regulation as **Courtney Beirne** took a pass from freshman **Melissa Anderson** for the Terps' second goal. Beirne's shot was lofted into the left side of the net past Loyola's second-half keeper Erica Neimann. The assist was the first collegiate point for Anderson and first goal of the season for Beirne.

The Terps outshot the Greyhounds 16-4 and by an 8-2 margin in each half.

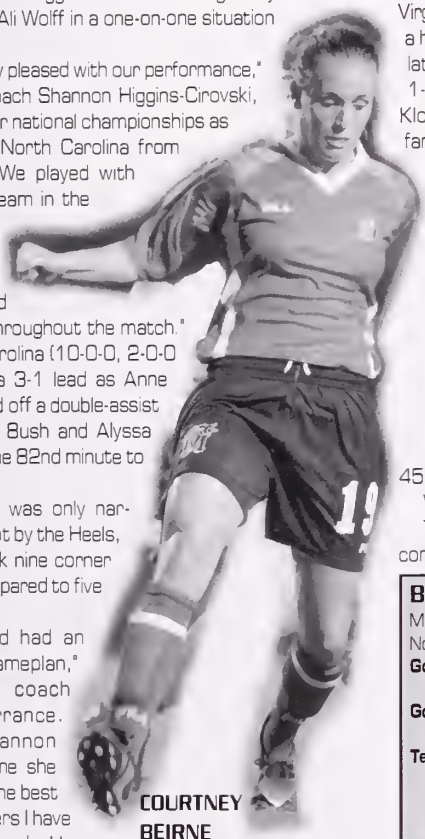
COLLEGE PARK, Md. - Maryland senior forward **Courtney Beirne** scored the first-ever goal by a Maryland women's soccer player against North Carolina in 18 matches as the Terps fell to the No. 1 Tar Heels, 3-1.

A near-record crowd of 2,728 went into a frenzy as Beirne took a pass from **Jen Biscoe** and tipped it past UNC keeper Kristin DePlachett to tie the game at 1-1 at the 22:20 mark. The goal ended a streak of 77 consecutive goals by North Carolina against Maryland dating to the first match in 1987. **Sara Gustafson** was also credited with an assist for opening up the play leading to Beirne's tip into the lower left corner of the goal.

"It was a great feeling to score finally," said Beirne. "Nothing would have compared to a win but it was great to finally break that streak."

Overall, Maryland (5-3-1, 1-2-0 ACC) played an even match with North Carolina for the first 63 minutes. North Carolina broke the 1-1 tie as Susan Bush scored on a thru ball from Maggie Tomecka beating Maryland keeper Ali Wolff in a one-on-one situation at 63:37.

"I was very pleased with our performance," said head coach Shannon Higgins-Cirovski, who won four national championships as a player at North Carolina from 1986-89. "We played with the No. 1 team in the country. We were very organized and played with them throughout the match."



COURTNEY BEIRNE

North Carolina (10-0-0, 2-0-0 ACC) took a 3-1 lead as Anne Remy scored off a double-assist from Susan Bush and Alyssa Ramsey in the 82nd minute to seal the win.

Maryland was only narrowly outshot by the Heels, 7-6 and took nine corner kicks as compared to five for UNC.

"Maryland had an excellent gameplan," said head coach Anson Dorrance. "When Shannon played for me she was one of the best tactical players I have ever coached. Her team showed how organized they could be in the game and that is a credit to her and her players."

North Carolina took a 1-0 lead just 4:43 into the match as Ramsey scored on a header from a corner kick by Catherine Reddick.

The crowd was the largest at a women's game at Ludwig Field since the all-time facility record of 4,380 was set in a Maryland-North Carolina match on Oct. 10, 1997.

In the nets, Wolff made two saves and DePlachett starting in place in injured UNC keeper Jenni Branam made two saves.

Overall, it was a great night as Maryland honored it's women's soccer alumni including WUSA players Michelle Demko (Philadelphia Charge), Emily Janss (New York Power) and Keri Sarver (Washington Freedom) in a special halftime ceremony.

Game 11 • Oct. 13

COLLEGE PARK, Md. -- Maryland sophomore forward **Audra Poulin** scored her first career goal to lift the Maryland women's soccer team to a dramatic double-overtime victory over No. 8 Clemson at Ludwig Field.

Poulin scored at the 110:53 mark as she took a pass down the center of the field from fellow sophomore **Jen Biscoe** and beat Clemson keeper Katie Carson to the left side from about five yards out.

The goal came on the 63rd shot of Poulin's two year-career, ending a scoreless drought spanning her 30 collegiate games at Maryland.

"This is just one of the greatest moments of my life," said an overwhelmed Poulin. "After having gone so long with so many shots and not scoring I'm so happy that my first goal is such a great one. Jen Biscoe really set it up for me, she laid a perfect drive for me and I thought to myself, I'm going to hit this ball as hard as I can -- and it went in!"

For Maryland (6-4-1, 2-3-0 ACC), the win was its 31st all-time against a ranked team and ninth all-time against a Top 10 team. The win was also Maryland's first in overtime in nearly two years. On Oct. 17, 1999, Maryland also shocked a top-10 Clemson team, stunning the then-No. 9 Tigers in overtime as well.

The Tigers suffer just their second loss of the season falling to 8-2-0 overall and 2-2 in the ACC. The loss also ends a streak of four consecutive shutouts by Carson.

"This was a great turnaround for us," said coach Shannon Higgins-Cirovski. "After the Virginia game, we knew we had to make some adjustments. Tonight we stayed positive and we really went after it. Audra scoring her first goal just topped it off."

Maryland's defense was solid all night, recording its sixth shutout of the season. Senior captain **Ali Wolff** made three saves as she added to Maryland's record shutout total, moving it to 17.5 with the whitewash.

The Terps' defense also made several outstanding plays. Freshman **Lindsay Niehaus** made a key play with 4:04 left in regulation as she saved a shot by Clemson's Heather Beem after Wolff had come out of the net.

Then just two minutes into the first overtime, Niehaus and sophomore captain **Lindsay Givens** made back-to-back stops on Clemson's speedy Deliah Arrington, cutting off the forward deep in the Maryland zone and forcing the ball from her possession.

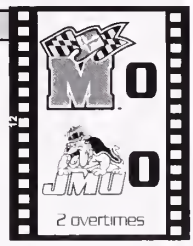
Game 12 • Oct. 17



COLLEGE PARK, Md. - Despite 23 shots and many scoring opportunities, the Maryland women's soccer team played to a scoreless double-overtime tie with James Madison (6-6-2 overall) on a chilly night at Ludwig Field.

The Terps' **Ali Wolff** recorded seven saves to mark her seventh shutout of the season for Maryland (6-4-2 overall). Wolff now has 18.5 career shutouts increasing her career record.

1-The Terps and Tar Heels walk out for lineups; 2-Ali Wolff was intense vs. UNC; 3-Lindsay Niehaus vs. the Heels; 4-Courtney Beirne scored the Terps' first-ever goal vs. UNC; 5-Keri Sarver and Emily Janss were honored at halftime; 6-Sarver waves to crowd with Janss and Michelle Demko looking on; 7-The lineups before Virginia.

Maryland dominated play after a sluggish first half in which the teams combined for just five shots. In the second half, Maryland began shooting early and often on James Madison keeper Suzanne Wilson, posting 14 shots in the second half. But Wilson was up to the task making five of her 11 saves in the match in the second half.

Terp' sophomore forward **Audra Poulin**, who was named ACC Player of the Week this past Monday, took a season-high 11 shots including seven on goal, but Wilson stopped everyone of them.

"We played with consistency, but we were unlucky," said Maryland head coach **Shannon Higgins-Cirovski**. "When you outshoot someone 23-9 as we did it shows we are getting opportunities. We need to convert on those opportunities."

Poulin had several chances in the final minutes of regulation and two more in the overtime sessions but was unable to record her second career goal.

Maryland took 12 corner kicks to the Dukes' six. James Madison was also whistled for 24 of the 34 fouls in the match.

It was Maryland's second straight overtime match and third of the season after not playing one the entire 2000 season. It was also the first scoreless tie since a 0-0 score at NC State on Sept. 18, 1999.

WILLIAMSBURG, Va. - Maryland's women's soccer team beat William & Mary for the first time since 1995 with a 2-1 win at Barksdale Field on a beautiful afternoon. It was also the Terps' first-ever win in Williamsburg, dating to 1988.

The Terps improved to 7-4-2 overall with the key regional victory, while William & Mary dropped to 6-7-1 with its seventh straight loss.

Sophomore **Jen Biscoe** posted the game-winner in the 59th minute as she scored on a header off a pass from **Jenny Boyd** on a play started off a **Lindsay Givens** throw-in to give the Terps the 2-1 lead.

The Tribe answered less than seven minutes after Maryland scored as Tara Flint registered a goal on a free kick at the 23:18 mark.

In the nets, **Ali Wolff** made four saves for her seventh win of the year, but it was her first win that did not come via the shutout route.

"Our defense played well," said head coach Shannon Higgins-Cirovski. "In the second half we really put it together and once again Ali was strong."

Maryland had lost five straight games to William & Mary dating to its last win in the series, 1-0 win on Sept. 22, 1995. Maryland had lost all six games played in Williamsburg, Va., dating the first game on Oct. 2, 1988.

COLLEGE PARK, Md. - **Jen Biscoe** headed home a corner kick from **Jenny Boyd** at the 100:04 mark to lift the Maryland women's soccer team (8-4-2 overall) to a dramatic 3-2 overtime win over regional foe Rutgers (11-6-1) on an unseasonably warm night at Ludwig Field.

"This was a big win for us," said head coach **Shannon Higgins-Cirovski**. "It is the second big regional win for us this week, we beat William & Mary on Sunday and now beating Rutgers will really help us when it comes time for the NCAA Tournament bracket to come out."

Twice in the match Rutgers came back to tie the game with three minutes remaining in each half.

Maryland jumped on top 1-0 as **Audra Poulin** scored on a point blank shot from five yards out off a pass from **Dana Jarzyniecki** in the 28th minute to put the Terps up.

Rutgers came back to tie the game with 2:59 left in the first half and Samantha Swerdloff scored on a header that was lofted over Maryland keeper **Ali Wolff**.

Maryland came out in the second half and recaptured the lead as **Courtney Beirne** headed home a cross from **Kim King** in the 62nd minute. Jarzyniecki was credited with her second assist of the game on the goal.

Rutgers then struck again as its leading scorer Carli Lloyd scored on a header off a free kick with 3:35 left in regulation to tie the game at 2-2.

Maryland came out strong in the overtime to set the stage for Biscoe's dramatics.

"I'm really excited about the win," said Biscoe. "It means a lot to come back and win as we did. I'm really happy with the win."

Maryland outshot the Scarlet Knights 17-14 and took six corner kicks to one.

The goal output equaled a season high for the Terps, who also scored three in a season-opening 3-0 win over Towson.

RALEIGH, N.C. - The Maryland women's soccer team continued its winning ways with a 2-0 win over NC State at Method Road on a sunny but brisk afternoon. The win improves the Terps' unbeaten streak to five games (4-0-1) and moves the Terps' overall record to 9-4-2 as they move edge close to securing their sixth NCAA Tournament bid. The win also moves Maryland to 3-3 in the ACC and keeps the Wolfpack winless at 0-6 in the league.

Jenny Boyd headed home a **Lindsay Givens'** throw-in in the 20th minute to put the Terps on top 1-0. The goal was the first in the career for Boyd, who is having a standout senior season after missing the last two years due to injury. She has posted four assists along with her first goal for six points over the last three matches.

Boyd then started the Terps' second goal as her corner kick lead to the next goal. Junior **Kim King** collected a rebound of a **Valerie Lawrence** shot off the corner kick and scored into the lower left corner with 50 seconds left in regulation.

"We played well enough to win," said head coach **Shannon Higgins-Cirovski**. "I was really happy with the play of **Dana Jaryzniecki** and Jenny Boyd, who has had a great senior season. It just goes to show you what senior leadership can do."

Another senior, **Ali Wolff** recorded two saves for her eighth shutout of the year and move her career total to 19.5.

Maryland sophomore **Jen Biscoe** went down with an injury to her right knee in the 11th minute of the match and did not return for the remainder of the first half. She did re-enter the game to start the second half. It is the same knee Biscoe has undergone two surgeries on to repair torn ACLs.

ACC Tournament First Round

WINSTON-SALEM, N.C. - The No. 6 seeded Maryland women's soccer team was eliminated in the first round of the ACC Tournament at Spry Stadium, falling to No. 3 seed and 19th-ranked Florida State, 7-2 on a sunny afternoon.

The game featured the most goals in a Maryland game this season, nine and the most since a 7-2 loss to Florida on Oct. 2, 1998.

Maryland (10-6-2) allowed as many goals (seven) as it had allowed in all seven regular-season ACC matches. The Terps, among the national leaders in goals against average, had given up just 12 goals all season in 17 matches for a 0.67 GAA.

"Obviously, this is not the type of game I could have ever expected," said head coach **Shannon Higgins-Cirovski.** "Having allowed just 12 goals all year and having a keeper that has led the league in several statistical categories this season, this was not the type of result I thought could happen. Our defense has been solid all year and this loss will teach us a great lesson."

Florida State (14-6 overall) jumped out to a quick 3-1 in the first 7:29 of the match on a pair of goals by Camie Bybee and the first goal of the game by Maren Vik Edvardsen. Maryland tied the game at 1-1, after Vik Edvardsen's goal as **Valerie Lawrence** shot in a corner kick from **Jenny Boyd** at the 6:03 mark. It was Lawrence's first career goal.

Maryland cut the lead to 3-2 as **Kim King** knocked in a tip pass from **Jen Biscoe**, which came off a throw-in from **Lindsay Givens** in the 12th minute at 11:39.

After the play was even for about 20 minutes, the Seminoles struck for two goals in the span of 4:03 on tallied by Kristen Boyce and Cindy Schofield to make it 5-2 at halftime.

The Terps outshot the Seminoles, 16-11, including a 9-4 margin in the second half.

MORGANTOWN, W.Va. - Despite outshooting Dayton, 23-5 and dominating the play for much of the game, the Maryland women's soccer season came to an end with a 1-0 loss to Dayton in an NCAA Women's College Cup First Round Match at the Mountaineers Soccer Complex.

Dayton scored the game's only goal as Judi Aschenbrener scored on a breakaway off a pass from Shannon Kuhl in the 71st minute in the second half.

Ludwig Field, Home of The Terps

Since its opening in 1995, state-of-the-art Ludwig Field has been the home of the Terrapin men's and women's soccer teams as well as playing host to numerous other local soccer events throughout the past seven years.

Due to the expanding horizon of Terrapin soccer and the growing interest in its achievement on the field, the University of Maryland embarked on a project that would bring the level of the facility on par with the excellence of the programs that played there.

The $2.5 million facility was dedicated on Sept. 16, 1995, and is surely a cornerstone of collegiate soccer throughout the nation.

The 4,000-seat facility is an integral part of new construction for Maryland athletics. The complex is fully lighted with an all-weather track and sodded Bermuda grass playing field.

The permanent lights allow for commonly scheduled night games. The lights also allow Maryland the ability to host NCAA and Atlantic Coast Conference tournaments and nationally televised games. Since its opening, Ludwig Field has played host to six NCAA Tournament games, including Maryland's 6-0 win over Long Island in 1999.

In addition to the collegiate games played at Ludwig Field, the complex has played host to numerous U.S. and professional soccer matches, as well. Among the teams who have used Ludwig Field as their home-away-from-home are the 2000 U.S. Women's National Team and the WUSA's own Washington Freedom.

In addition to the high level of competition created by the excellent playing surface at Ludwig Field, the complex was also created with the local soccer fan very much in mind. The field is located directly adjacent to Parking Lot 1 and close to the University Boulevard entrance.

The facility is named after lifetime Terrapin friends Bob and Louise Ludwig.

Ludwig Field was packed for the Terps' game against North Carolina on Oct. 10, 1997, when a facility-record 4,380 came out for the ACC battle.

University of Maryland

"Strive for clarity, but accept and understand ambiguity."

That phrase captures one way in which an educated person approaches the world and its challenges. Students who graduate from the University of Maryland have been exposed to the tools that allow them to put that perspective to work. Imparting such a perspective may be an ambitious project for undergraduate education, but to aim for anything less would be unworthy of a great university's goals for its students. Fourteen years ago, Promises to Keep, a plan for undergraduate education at Maryland, articulated those goals so eloquently we repeat them here.

Undergraduate education at Maryland "aims to provide students with a sense of identity and purpose, a concern for others, a sense of responsibility for the quality of life around them, a continuing eagerness for knowledge and understanding, and a foundation for a lifetime of personal enrichment."

As we learn with and from one another, we try to "develop human values," "celebrate tolerance and fairness," "contribute to the social conscience," "monitor and assess private and collective assumptions," and "recognize the glory, tragedy and humor of the human condition." Your years at the University of Maryland can provide you with all the tools you need to accomplish these goals. Students here are "educated to be able to read with perception and pleasure, write and speak with clarity and verve, handle numbers and computation proficiently, reason mathematically, generate clear questions and find probable arguments, reason substantiated conclusions, and accept ambiguity."

And we also hope you enjoy the journey.

About the University

The Campus

By virtually every measure of quality, the University of Maryland has gained national recognition as one of the fastest rising comprehensive research institutions in the country. The momentum of recent years has poised the university to move it into the top ranks of higher education and take leadership in shaping the research university of the 21st century.

The university has enjoyed a decade of momentum in all of the areas that affect quality, beginning with the quality of our students. For more than 10 years, every freshman class has been the most talented in the university's history, including this year's. Not only are their grade-point averages and SAT scores stellar, about half of them finished in the top 10 percent of their high school graduating class.

But Maryland students excel in more ways than just the classroom. They are leaders in the arts and culture, community service, civic engagement and athletics.

What's more, the student body is a model of diversity, with minorities making up more than 32 percent of all students, and at least one graduate and undergraduate student from every state in the nation.

The university has 85 graduate and undergraduate programs ranked in the Top 25 by *U.S. News and World Report*. Up from just one program in 1991.

Sponsored research and outreach has nearly tripled in the same 10-year period, reaching $208.5 million for FY 01. Private giving has increased even more dramatically, from $17 million to $77 million in FY01. Alumni Association membership has been growing at an average rate of 10 percent a year since 1992.

One of the largest research universities in the United States, current enrollment stands at 25,099 undergraduate and 9,061 graduate. There are 94 undergraduate programs, 88 master's programs, 70 doctoral programs, and one first professional degree program. More than 100 centers and institutes are engaged in research and outreach.

Faculty at the University of Maryland, in all fields of knowledge, are engaged at the highest levels of national and international concern. The university's location near the center of federal policy-making and international political and economic activity enables it to play an active role in research and analysis of public policy.

Maryland is one of 30 public universities in the prestigious 63-member Association of American Universities and the only public institution in the Maryland-D.C. area with membership in the nation's most distinguished honor society, Phi Beta Kappa.

Libraries

Seven libraries make up the University of Maryland library system: McKeldin (main) Library, Architecture Library, Art Library, Engineering and Physical Sciences Library, Hornbake Library, Performing Arts Library, White Memorial (Chemistry) Library.

These libraries constitute the largest university research library institution in the Washington metropolitan area, providing vital resources to researchers, visiting scholars, and businesses throughout the region. The libraries' holdings include more than 2.5 million volumes, 24,000 subscriptions to periodicals and nearly 5 million items available in microfilm format.

Research

Opportunities for conducting research abound at the University of Maryland, College Park, and in the surrounding area, both for faculty to advance their own expertise and bring their insights into the classroom, and for students to begin their exploration of their special interests with practical experience. On campus, special facilities and a number of organized research centers, bureaus, and institutes promote the acquisition and analysis of new knowledge in the arts, sciences and applied fields.

The university's enviable location – just nine miles from downtown Washington, D.C., and approximately 30 miles from both Baltimore and Annapolis – enhances the research of its faculty and students by providing access to some of the finest libraries and research centers in the country.

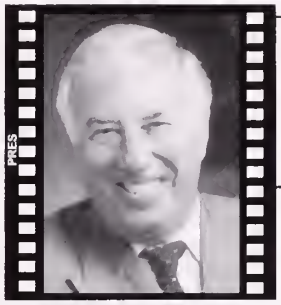
Service

Programs of public service are central to the overall mission of the university. The philosophy is reflected in the wide array of programs and initiatives that benefit the state's business, agriculture and education communities.

With more than 90 high technology firms in the three-county area of Montgomery, Prince George's and Frederick counties, the university has found abundant opportunity to extend its business and technology outreach programs to the region. Many of these programs are part of the Engineering Research Center, which operates the Technology Advancement Program and the Maryland Industrial Partnerships, programs designed to provide Maryland entrepreneurs and small businesses with research facilities, technical assistance, administrative support, and access to technology that will advance their economic base.

The Institute for Systems Research has formed partnerships with major corporations, including Lockheed Martin, Westinghouse, BF Goodrich, Hughes Aircraft and Dupont to apply advanced systems research to solving industry problems in the fields of communications, manufacturing, controls and robotics.

The university last year opened the Clarice Smith Performing Arts Center, with its six state-of-the art performance halls, which has quickly become a center of cultural programming in the Washington metropolitan area. The university also boasts four art galleries and a broad range of public art throughout the beautiful campus. Additionally intercollegiate, club and intramural sports provide students of all levels an opportunity to participate as spectators or athletes.



UNIVERSITY PRESIDENT c.d. MOTE JR.

Fifth year at Maryland
California '59

When C.D. "Dan" Mote Jr. became the 19th president of the University of Maryland on Sept. 1, 1998 he proclaimed it a university "on the move." Four years later, under his guidance, Maryland continues to move - at an ever accelerating rate - on the field, in the classroom, in the community, and in the world.

The University of Maryland is the state of Maryland's most important asset, says Mote: "The future of the state depends on this university."

Fulfilling that responsibility is a big job, but it's a role that Mote is accustomed to, having spent his entire academic career at the University of California at Berkeley, where he earned all his degrees, taught engineering and eventually became vice chancellor for University Relations before coming to Maryland.

One of Mote's first tasks here was to serve on a governor's task force to examine the funding and organization of the University System of Maryland. The task force recommended, and the General Assembly enacted into law, a reaffirmation of the university's flagship status and a commitment to funding at levels comparable to the best public universities in the nation.

As president, Mote is committed to making that asset even greater by creating a culture of excellence and civility across the campus, continuing to emphasize the highest quality education for students, strengthening the university's internal and external connections, and achieving distinction as an institution where discovery takes place every day and everywhere.

The university's progress in each of these areas can be measured by the quality of its programs; the stature of its faculty; the talent of its students; partnerships with business; impact on the state's economy; its ability to apply discoveries to global, national and regional problems; and its world-class, state-of-the-art facilities.

Quality Programs

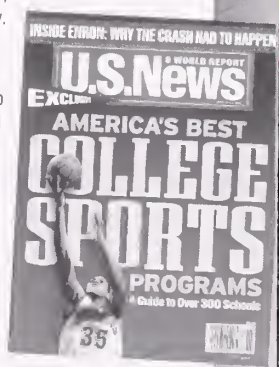
Over the past decade, Maryland's programs have been improving by leaps and bounds. We currently have 65 graduate and undergraduate programs ranked in the top 25 nationally by *U.S. News & World Report*, compared with just one program a decade ago.

While the university's academic successes are across the board, it has emerged as a true powerhouse in business, computer science, earth sciences, engineering, education and journalism. The Robert H. Smith School of Business has achieved top 10 rankings from such beacon publications as the *Financial Times of London* and the *Wall Street Journal*. Every department in the College of Education has programs ranked in the *U.S. News* top 25, and the Counseling and Personnel Services Program has long been ranked tops in the nation.

Faculty Stature

With the addition during Mote's third year of a Nobel Laureate in Physics and three more Pulitzer Prize winners (to join three already on the faculty), Maryland continues to attract the best faculty available. More than 30 faculty are members of the national academies in their fields, the highest professional recognition attainable.

Experts on the Maryland faculty are regularly sought by the news media for their views on a wide variety of issues, including politics, international affairs, social trends, economics, the environment, science and technology.



Talented Students

Over the past 10 years, it has become a virtual cliché to announce that each year's new freshman class is the most talented ever. The average GPA of entering students in fall 2002 is expected to exceed 3.90, while the average SAT score is nearly 1300.

Not surprisingly, the number of students enrolling in honors and other special programs has also skyrocketed in recent years. As many as 40 percent of all new freshmen are now enrolled in such programs as Honors, Gemstone, College Park Scholars and other living-learning communities that bring together students with similar academic interests in a residential setting.

Business Partnerships

In order to fulfill its role as the state's most important asset, Mote has emphasized that the university must be engaged with the business and government communities in substantial and meaningful ways. Under his leadership, Maryland has provided its technological expertise to help the state improve its business processes through a Web portal and has consulted with hundreds of Maryland businesses through its Technology Extension Program.

In recent years, the university also helped to attract Fujitsu Laboratories of America to open a research facility in College Park. Fujitsu, the third-largest communications company in the world, shares a building with the Joint Global Change Research Institute, a research partnership between the university and the Pacific Northwest National Laboratory.

DIRECTOR OF ATHLETICS

deborah a. YOW

Ninth year at Maryland
Elon '74

Deborah A. Yow is in the ninth year of her outstanding tenure as director of athletics at the University of Maryland, a year that has seen unprecedented success and achievement in Maryland athletics. Each year has brought about continued improvement and accomplishment in Terrapin athletics. In Yow's eight years at Maryland, the Terrapins have won a remarkable nine NCAA national championships as Maryland athletics has soared to new heights.

The comprehensive success of Terrapin athletics under Debbie Yow's leadership is a clear and compelling testimony of her values of excellence, teamwork and accountability. Likewise, her election to the presidency of the National Association of Collegiate Directors of Athletics two years ago is an indication of the respect with which she is regarded among its 6,100 members representing 1,600 colleges in the U.S. and Canada. She was recently singled out by *Street and Smith Sports Business Journal* as one of the leading administrators in the U.S. and she received the Carl Maddox Sport Management Award presented by the United States Sports Academy for excellence in athletics administration.

Yow, who recently served on the NCAA Management Council and the NCAA Division I Budget Committee, is a strong and steady voice on behalf of intercollegiate athletics in America. Since taking over as AD at Maryland in 1994, she and her staff have:

- *Transformed Terrapin athletics into a responsive, goal-oriented organization.*
- *Balanced all eight of the annual department's budgets (the first balanced budgets in the 10 years prior to her arrival). The budget has now reached $40 million annually and the sizable prior operative debts have been eradicated.*
- *Greatly enhanced the academic support services provided for student-athletes, with an enviable exhausted eligibility graduation rate of approximately 85 percent.*
- *Led the Terrapins to a national all-sports ranking in the upper 15 percent of all NCAA Division I institutions.*
- *Significantly expanded marketing and fund-raising efforts on behalf of Terrapin athletics. As a result, private gifts to athletics have increased 240 percent and corporate sponsorship revenues have increased by 275 percent during her tenure at Maryland.*
- *Continued to dramatically improve venues and facilities for the department's 25 teams.*
- *Implemented a strategic management model.*
- *Developed a comprehensive Internet strategy with management, marketing and fund-raising applications.*
- *Significantly improved customer care in every area.*

The most recent achievements of Maryland athletics are exceptional:

- *Selected in 2002 by U.S. News & World Report as one of the Top 20 athletic programs in the nation (for overall quality and competitive excellence).*
- *In football, won the Atlantic Coast Conference championship and played in the 2002 Orange Bowl. In men's basketball, won the ACC regular season in 2002, as well as the NCAA national championship. The Terps are among only a few NCAA institutions to have achieved at this distinguished level in these sports in the same year.*
- *Hired the Associated Press National Coach of the Year, Brenda Frese, as the new women's basketball coach.*
- *Hired Dave Cottle, the third winningest active men's lacrosse coach in the U.S.*
- *Field hockey played for the national championship.*
- *Women's lacrosse has continued its winning ways and has won seven consecutive national championships through 2001.*
- *Enhancing football facilities significantly with Team House and practice field upgrades.*
- *Moved into the new $125 million Comcast Center.*
- *The athletics budget was balanced for the eighth consecutive year.*
- *In 2001-02 10 Maryland teams competed in NCAA postseason play.*
- *The productivity, morale, and the competitive and academic achievement of Terrapin athletics are exceptional and continue to gain momentum.*

Regarding the many achievements of Terrapin athletics over the past eight years, Yow says, "We are pleased, but we are not satisfied ... our vision is to be one of the top 10 programs in the nation consistently ... we see no reason to settle for less."

Yow is known for her goal-oriented and proactive management style. She consistently inspires and challenges those around her to "raise our sights and sharpen our tools ... to work hard and work smart ... to recognize that our only limitations are those that we place upon ourselves."

As a manager and a leader, she clearly models these principles. She is the only known current AD in NCAA Division I who has hired both the National Coach of the Year in football (while at Maryland) and the National Coach of the Year in men's basketball (while at Saint Louis University). Yow is known as "a coach's AD," while also being a highly organized, strategic and proactive leader and administrator. Quite simply, Debbie Yow personifies the relational and management dynamics that are necessary to be an excellent administrator.

A successful former coach at the University of Kentucky and at the University of Florida, she moved into athletics administration at the University of Florida and the University of North Carolina, Greensboro, followed by a highly successful tenure as AD at Saint Louis University.

She has authored numerous articles and books on athletics management and human behavior, and is a respected leader in intercollegiate athletics in the United States.

Summing up the entire athletics program, Dr. Yow recently observed, "We have the finest student-athletes, coaches, support staff and administrative team in America. It is because of their courage, hard work and cooperative spirit that we now have a strong, viable athletic program. I am immensely proud of each of them. I am equally proud of our Terrapin fans who buy tickets, our Terrapin Club members who faithfully support the Maryland athletic program with their donations for scholarship, and the Maryland Educational Foundation and M Club members who serve and give liberally. We have a great Terrapin family. That's the foundation for all of our success ... and the basis for our bright future."

SPORT SUPERVISOR

shawn FLYNN

Asst. A.D./Internal Operations
First year at Maryland
Pittsburgh-Johnstown '88

Shawn Flynn is in his first year as assistant athletics director for internal operations and championships coordinator. He is responsible for overseeing the men's lacrosse, men's soccer, women's soccer, men's and women's swimming, and men's and women's track and field programs. In addition, he supervises the strength and conditioning unit as well as the marching and pep bands, and the cheerleading squad. He serves as the Terps' championships coordinator and is responsible for organizing and administering ACC tournaments and NCAA championships hosted by Maryland.

Flynn came to Maryland in 1988 as a graduate assistant for Intramurals and Sports Clubs with Campus Recreation Services. In 1990 he was hired as the Campus Recreation Coordinator for Facilities and Sports Clubs. In that role he administered a 25-club Sport Club Program in addition to establishing a First-Aid/CPR program. In 1994 his responsibilities expanded when he was promoted to assistant director for facilities and sports clubs.

Two years later Flynn was promoted to associate director for facilities. Flynn served as the department liaison with various campus departments and worked with university committees and working groups. Flynn was the event director for the 1999 and 2000 FINA United States Swimming World Cup.

In addition to his work at Campus Recreation Services, Flynn served as the site director for the Nationals Futures Tournament/Super Camp for the United States Field Hockey Association since 1996. Academic Support & Career Development

The University of Maryland is committed to providing the highest quality education to all of its students. The Department of Intercollegiate Athletics strives to provide student-athletes excellent opportunities to participate in an intercollegiate athletics program of the highest quality, with the result that their athletics participation becomes an integral and valued component of their total educational experience at the university.

Terrapin student-athletes will find that the same hard work and discipline that has earned them success in athletics competition is also required in the classroom. Balancing the significant time demands and responsibilities required to be a successful student-athlete at the highest collegiate level is no small task. Therefore, as a result of their commitment to representing the university through athletics, Terrapin student-athletes are able to utilize support programs designed to meet their specific needs.

ANDREA POAG
Academic Support Counselor/Soccer

Tthe mission of the Academic Support and Career Development Unit (ASCDU) is to provide quality developmental programs and need-based services that will enhance academic progress, facilitate career development, and encourage the psychosocial growth of all UM student-athletes.

The Gossett Academic Support and Career Development Center for Terrapin student-athletes, named for longtime Terp supporters Barry and Mary Gossett, is located in the Comcast Center. It features a study center that includes 25 desktop computers, a tutoring center, a classroom, a CHAMPS/Life Skills resource room and individual offices for six professional academic counselors, a director of enrichment programs, an assistant program coordinator and two graduate assistants. In addition, the center's extended site is located in the Gossett Football Team House, and includes office space for two professional counselors, a program assistant and a 16-station desktop computer center.

Academic courses, programs and services offered by ASCDU include the following:

- Prospective student-athlete orientation
- Academic counseling
- NCAA academic eligibility monitoring
- Academic enrichment and career development presentations and workshops
- Accredited tutorial support
- Individualized learning program
- EDCP 108-K (College learning strategies and skills)
- EDCP 108-M (Math learning strategies and skills)
- UNIV 100/101 (First-year transitions to the university)

Student-Athlete Advisory Council

The Student-Athlete Advisory Council (S.A.A.C.) plays an important role in the Department of Intercollegiate Athletics. It consists of two representatives from each varsity sport and meets on a regular basis with representatives from the athletic administration. The S.A.A.C. mission is to enhance the total student-athlete experience by developing leadership skills, promoting student-athlete welfare and fostering a positive student-athlete image on the Maryland campus, local area and nationally.

CHAMPS/Life Skills Programs

ASCDU houses the NCAA's (National Collegiate Athletic Association) Challenging Athletes' Minds for Personal Success Program (C.H.A.M.P.S.) and the NCAA Life Skills Program. The ASCDU staff, in collaboration with various other Department of Intercollegiate Athletics' units and campus resources, strives to provide a systematic personal development program designed to reach each student-athlete based on his or her individual needs. The focus of the program is on the individual academically, athletically and emotionally, and on the changing needs and skills of that individual in the years during college and after graduation. The menu of presentations, workshops and seminars is a comprehensive and balanced system of "life learning" programs promoted for use by each varsity sport team.

Highlights of the CHAMPS/Life Skills Programs:

- Support efforts of every student-athlete toward intellectual development and graduation
- Use athletics as preparation for success in life
- Meet the changing needs of student-athletes
- Promote respect for diversity among student-athletes
- Enhance interpersonal relationships in the lives of student-athletes
- Assist student-athletes in building positive self-esteem
- Enable student-athletes to make meaningful contributions to their communities
- Promote ownership by the student-athletes of their academic, athletic, personal and social responsibilities
- Enhance partnerships between the NCAA, member institutions and their communities for the purpose of education
- Encourage the development of leadership skills

Strength & Conditioning

In the highly competitive collegiate soccer world the off-field preparation of the student-athlete is a critical component to the on-field success of any Division I program. Dwight Galt, Maryland's director of strength and conditioning, and Corliss White, who works with the women's soccer team, believe strongly that a solid off-field training program can dramatically improve levels of performance, as well as significantly reduce the chance of injury. The benefit of performing structured strength and power training throughout the entire year has allowed the Terps to reach new levels in physical development.

CORLISS WHITE
Strength & Conditioning

At the University of Maryland, the maximal development of athleticism is the primary goal of the strength and conditioning program. To accomplish this requires more than just strength and power training in the weight room. Speed improvement, agility, flexibility, conditioning, plyometrics, and nutrition also play critical roles. The Terps' strength staff places substantial emphasis on all these areas, with special attention on the improvement of speed potential. Galt and his staff employ a wide range of state-of-the-art training methods to assist in enhancing all aspects of speed development.

The Terps are fortunate to train in one of the premier weight training facilities in the nation. Conveniently located in the Gossett Team House, this facility has excellent aesthetic appeal, with two magnificent skylights and large windows overlooking the field at Byrd Stadium. The Terps' spacious weight room includes 7,200 square feet of functional floor space, with two elevated offices.
